#### Call for Presentations

We invite you to help us create a stimulating program by sharing your expertise and knowledge in the field of aging services. Please share your workshop proposal for the 2022 Summit by May 27, 2022.

This year, ma4 is delighted to partner with the Age Positive Conference held annually for Kansas City metro leaders in aging. This will be one-of-a-kind Missouri statewide + Kansas City regional summit! The summit convenes the most trusted experts and leaders in the field of aging services in the bi-state region. Attendees include professionals and volunteers working in AAAs, senior centers, nutrition services, libraries, parks, and other venues that provide programming for older adults.

**Missouri Association of Area Agencies on Aging | ma4** is the leading voice for service, information, and advocacy to improve the lives of older Missourians. We advocate at the local, state, and federal level for services and supports to enhance the lives of older adults. **ma4** is the statewide association of Area Agencies on Aging (AAAs), which together provide almost **\$1 billion worth of services annually** to adults 60+ in every county in Missouri. Services include nutrition, home delivered meals, wellness, chronic disease management, home modification, care transitions, transportation, social connectedness, caregiving, in-home and personal care services, Medicare options counseling, legal services, ongoing learning, and many other services intended to help adults age in the place they call home.

**Age Positive** is an annual conference supporting leaders in aging services in the Kansas City Metro Region to develop leadership skills and innovative programs that create positive aging experiences. **Age Positive** event partners include professionals providing high-quality social, health and life-long learning programming for older adults. Partners include: Clay County Senior Services; Coming of Age KC; Jewish Family Services; Johnson County K-State Research and Extension; Johnson County Park & Recreation District; KC Parks & Recreation Department; KC, MO Prosecutors Office; KC Public Library; KC Communities for All Ages; Landon Center on Aging, University of KS Medical Center; Liberty Parks and Recreation; MARC Department of Aging and Adult Services; Shepherd's Center Central; Shepherd's Center of KC, KS; University MO Extension; Wyandotte/Leavenworth Area Agency on Aging; and YMCA of Greater KC.

**OUR JOINT NETWORK includes expertise reaching adults age 60+**, including special populations such as hard-to-reach older adults, adults living with chronic medical conditions, caregivers, rural and urban populations, and more.

**SHARE YOUR EXPERTISE** with us this fall in Kansas City as we are all **BETTER TOGETHER!**
